

Looking for a firm that can manage insurance litigation cross country?

USLAW has you covered.

From professional liability and civil rights claims to premises liability, workers comp and bad faith, USLAW has insurance carriers and their insured covered.

Our team of insurance defense professionals spans the country, letting us serve as local, regional or national panel counsel. With decades of experience in insurance defense and a broad legal footprint, not only are we well prepared to defend you in multiple jurisdictions, we have a full bench of trusted partners and parties in insur-

ance claims, from engineering and cause and origin experts, to accident reconstruction specialists, and police and fire departments.

From initial coverage opinions on new claims through trial and appeals, no matter where you are in the United States, USLAW has you covered.
